**Matt**

**Rob**

# Hunting for Favosites and cephalopods in Haley Quarry

*Wednesday AM, July 19th*

*Haley Quarry, Wednesday July 19th*  
**LUNCH TIME**

**Ordovician worms done did this!**  
***Haley Quarry, Douglass, Ontario***

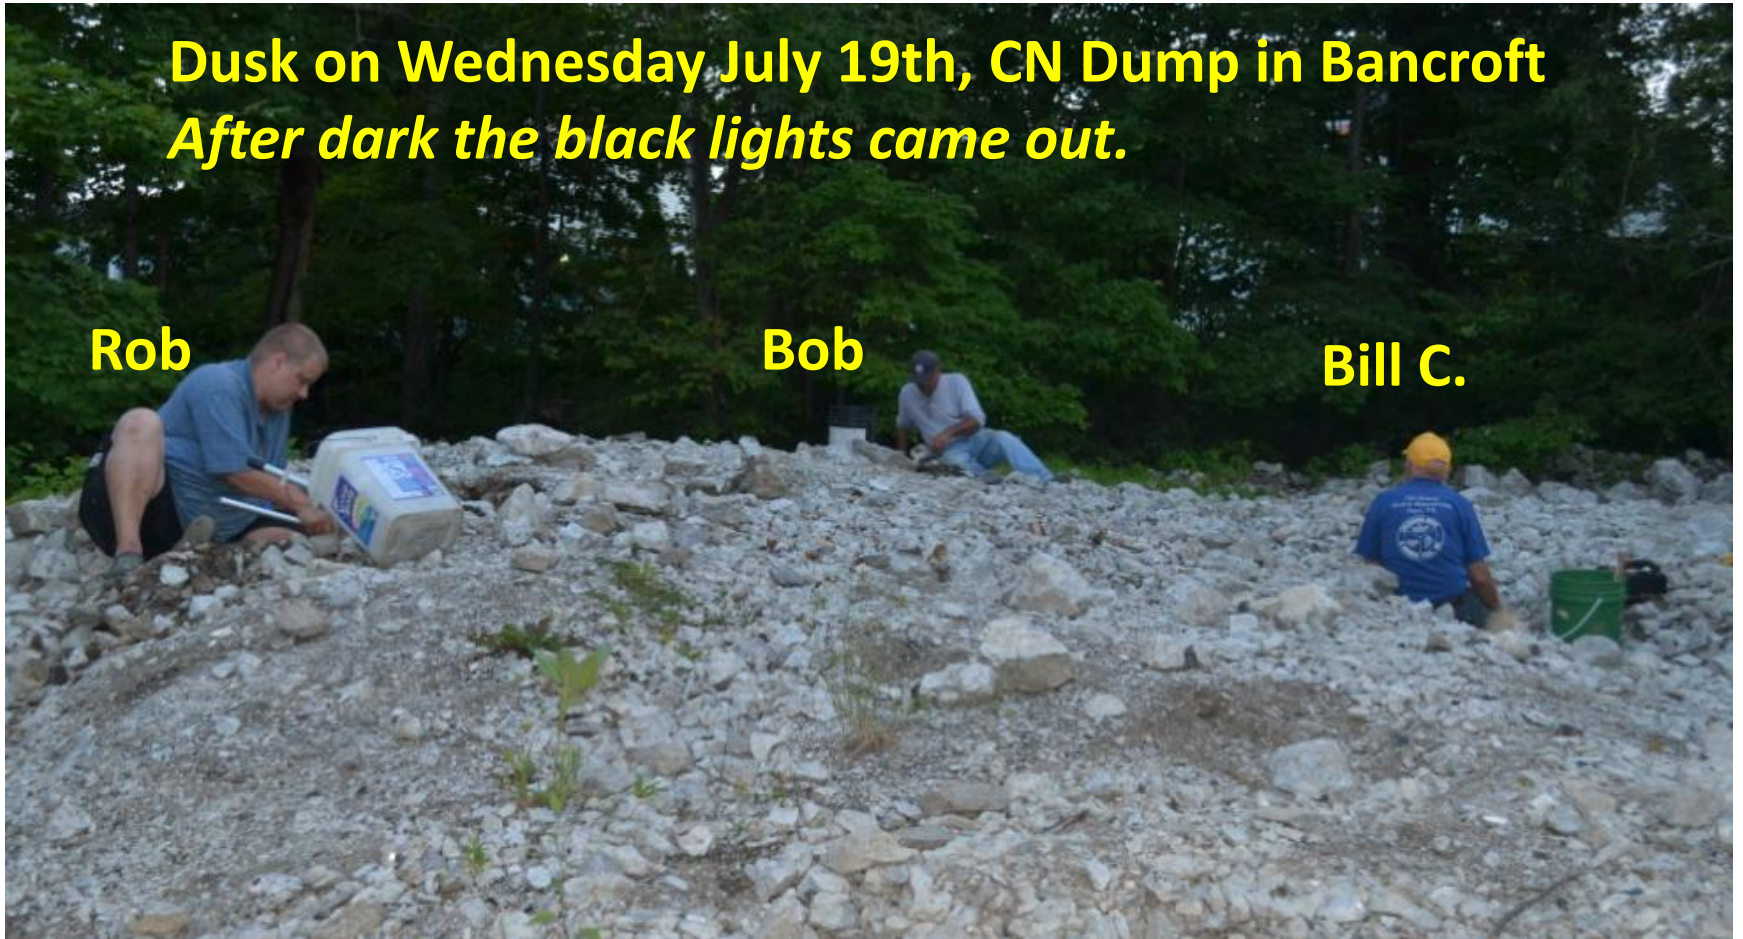

**Dusk on Wednesday July 19th, CN Dump in Bancroft**  
***After dark the black lights came out.***

**Rob**

**Bob**

**Bill C.**

Now tell me,  
does that look  
like a happy rock  
hound?

CN Dump at dusk

Ed

Glenn

Linda,  
in a  
hole  
again

Bob

Eva  
Jane

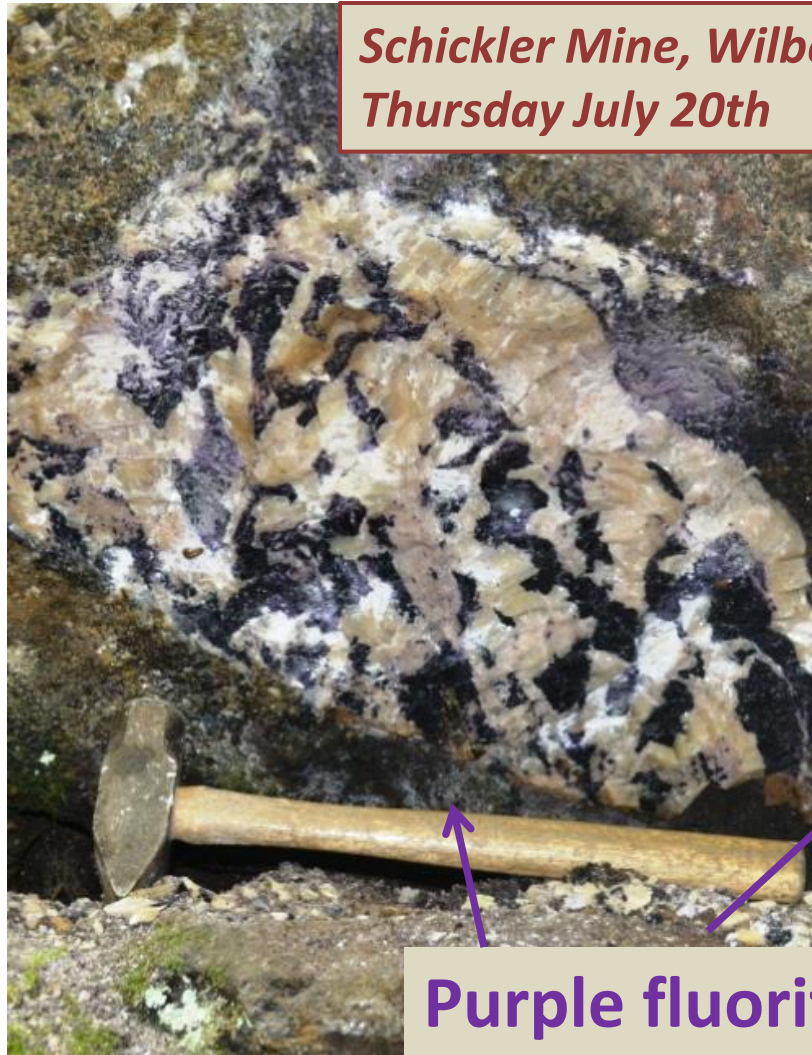

Ed

Glenn

*Schickler Mine, Wilberforce. Ont.  
Thursday July 20th*

*Schickler Mine, Wilberforce  
Thursday July 20th*

Purple fluorite

Glenn

*Desmont Mine, Wilberforce  
Thursday afternoon July 20th*

**Essonville Line roadcut and one large amphibole. He came out, but Linda will have a tough task ahead of her putting the 16 pieces back together again !**

**A very large  
amphibole**

**July 20<sup>th</sup>, late afternoon**

**Thompson Property on Gibson Road, Tory Hill, Friday July 21st**

**Ed's apatite is nice, but Eva Jane's is larger!**

## Thompson Property on Gibson Road, Tory Hill, Friday July 21st

**George Thompson at work. He's after an amphibole/feldspar piece.**

**Garnets, River  
Valley, Ontario  
Sat. July 22nd**

**Linda and a bucket of garnets**

**River Valley, Ont.  
Sat. July 22nd**

**Cobalt, Ontario**  
**Sunday July 23rd**

**Just a bit of  
drill core to  
select from**

**Ed**

**Bob**

**Linda**

**Linda**

**Yup, she is  
in a hole  
again!**

**The pink is erthyrite sitting  
atop cobalt arsenides.**

***Nipissing Mine,  
Cobalt, Ontario***

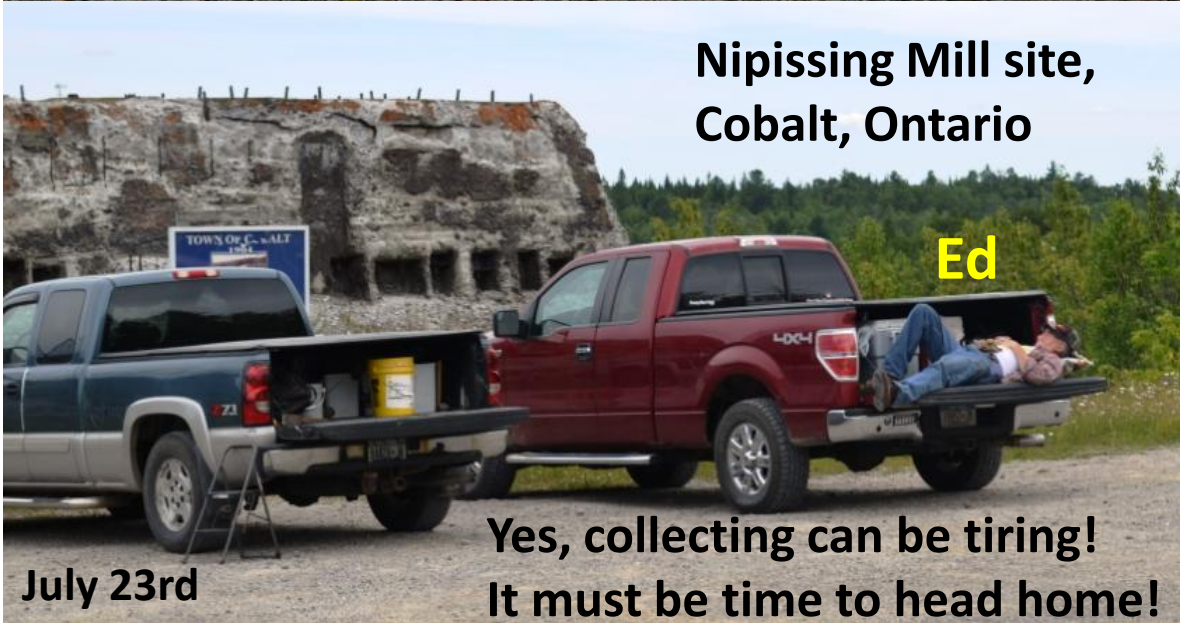

**Ed prospects atop a Cobalt, Ontario mine dump**

**Nipissing Mill site,  
Cobalt, Ontario**

**July 23rd**

**Yes, collecting can be tiring!  
It must be time to head home!**
